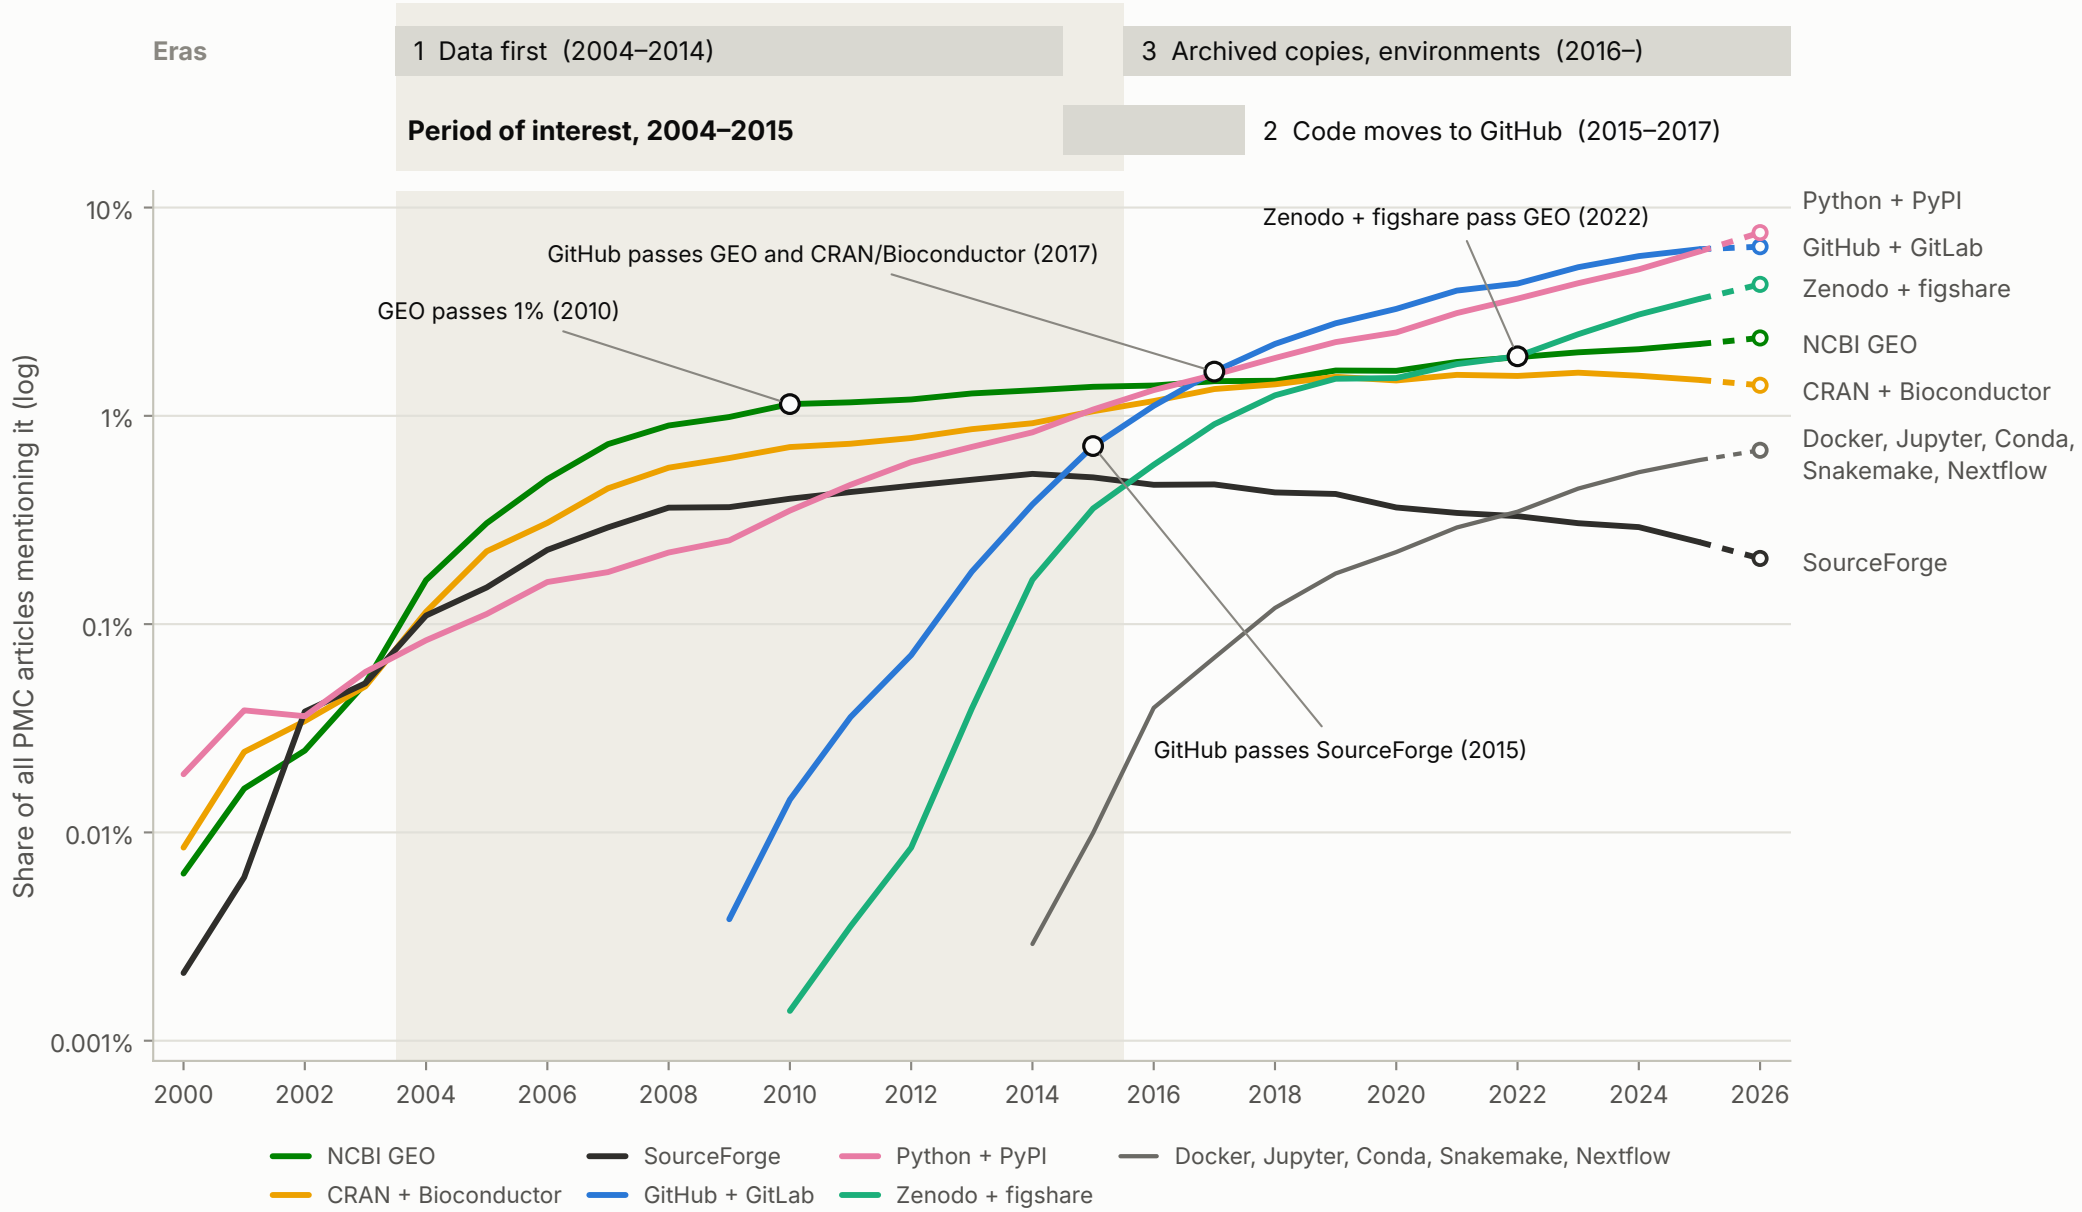
Data sharing became routine years before code sharing



Source: PubMed Central full-text search (NCBI E-utilities, db=pmc, publication year); full text includes reference lists. Zero counts are omitted on the log scale.
Hollow marker and dashed segment = 2026, partial year (indexed through late Oct). Environment tools are counted from 2012, and "docker" and "conda" only alongside a software term.
SRA / ENA is in the by-theme figure, publication_trends. Python + PyPI excludes articles that mention snakes.
