

Source: PubMed Central full-text search (NCBI E-utilities, db=pmc, publication year); full text includes reference lists. Gray lines are the other groups, for comparison.
Hollow marker and dashed segment = 2026, partial year (indexed through late Oct). Zero counts are omitted on the log scale. Environment tools are counted from 2012; "docker" and "conda" need a software term. Queries are listed in fetch_counts.py.
